

# Does your Insurance plan Require an Authorization?

## What you need to know...

If you are a member of one of these insurances you will need an Authorization from your Insurance Carrier

- Blue Cross Blue Shield "Blue Medicare"
- Humana—All plans
- United Healthcare
- All HMO Plans

- Aetna
- Tricare—Standard/Prime
- Wellmed

Some insurance plans require our office (the PCP) to seek authorization for your visit with a specialist or imaging facility before they will treat you. This process is known as an Authorization. In order to complete an authorization we must submit information to your insurance carrier for approval. Most of this information we can gather from the specialists office and your medical file.

**However, some information can only be provided from you; our patient.**

Please use this form to help organize your visit with the specialist or imaging facility to prevent any delays in your care. You must inform Biggers Family Medicine of this information at least one week prior to your appointment with the specialist or imaging facility. You may contact our office by phone at 813-655-4646 by fax at 813-655-4113 or use our patient portal at [www.biggersfamilymedicine.com](http://www.biggersfamilymedicine.com)
